

Public Notification: Invitation to Submit Request for Proposal (RfP) for the MHPP (Mpatamanga Hydropower Project)

Date: 2024 August 13th

Subject: Announcement of Shortlisted Applicants for RfP Submission

Dear Stakeholders in the Hydropower Industry,

We are pleased to announce the completion of the Initial Selection process for the MHPP, a key initiative in Malawi aimed at harnessing the water from Lake Malawi flowing along the Shire River, the largest river in Malawi and a tributary that flows into the Zambezi River. The 358 MW (approx.) Mpatamanga Hydro Power Project is located on the Shire River in the southern region of Malawi, within the Districts of Blantyre and Neno. MHPP will approximately double the installed electricity capacity in the country, attributed to renewable hydropower.

The selection and shortlist process adheres to the principles of transparency, fairness, and competition, as guided by both the Strategic Sponsors (EDF France and Scatec), the Government of Malawi, the IFC, and the World Bank.

We appreciate the interest and participation of all Applicants and stakeholders in this significant hydropower project.

Following a rigorous evaluation of all Initial Selection Applicants, the following RfP shortlist have demonstrated their capability and experience to meet the requirements set forth during the Initial Selection process. These RfP shortlisted entities are being invited by MHPL to submit their detailed proposals in response to the RfP.

Shortlist: MHPP - Applicant Entities/Names					
EPC1 (Work Package 1 - Civil Works)		EPC2 (Work Package 2 - Electro/Mechanical Works)		EPC3 (Work Package 3 – Transmission Lines and Substations Works)	
Lead [and JV Partner]	Specialized Subcontractor(s)	Lead [and JV Partner]	Specialized Subcontractor(s)	Lead [and JV Partner]	Specialized Subcontractor(s)
Mota-Engil Engenharia e Construção Africa, S.A - Portugal [and China International Water & Electric Corp. (CWE) - China]	i. L.Y. Lyon - Construções e Manutenções Metalomecânicas, S.A. of Lisboa - Portugal ii. Coba - Consultores de Engenharia e Ambiente, S.A. - Portugal ii. Intertechne Consultores S.A. - Brazil	Dongfang Electrical International Corporation [and Dongfang Electric Machinery Co., Ltd.]	Power China Chengdu Engineering Corporation Limited	Larsen & Toubro Limited - India	
WeBuild S.p.A. - Italy		Elecnor Servicios y Proyectos, S.A.U. [and Voith Hydro GmbH & Co KG]		Dongfang Electrical International Corporation - China	
VINCI Construction Grands Projets - France [and RAZEL BEC - France]	i. ATB Riva Calzoni - Italy ii. Tractebel Engineering - France iii. ISL Ingenierie - France iv. Sawa Group - Malawi V. WBHO - South Africa	Andritz Hydro GmbH [and Andritz (China) Ltd.]	Hubei Hong Cheng General Machinery Co., Ltd.	Elsewedy Electric T&D - Egypt	

Each work package will receive unique RfP documents, which include detailed instructions and evaluation criteria, will be issued to the shortlisted Applicants in Q4 2024. Financial Close, signifying the beginning of the main construction works, is currently scheduled for Q4 2025.

For any inquiries or further information required prior to the issuance of the RfP, please refer to the company website ([Home - Mpatamanga Hydro](#)) or contact MHPL (Mpatamanga Hydro Lower Limited) directly at info@mpatamangahydro.com. Thank you for your continued support and commitment to advancing the hydroelectric sector.

Sincerely,

MHPL
